## Eyes

Pet's Name: \_\_\_\_\_

1. Which eye is affected and when did the issue begin?
2. Have you noticed any redness?
3. Is there any discharge from the eye? If yes, what color is it?
4. Has your pet been scratching at their face or rubbing it on things?
5. Is your pet squinting, sneezing, or coughing?
6. Has there been any trauma or rough housing with other animals?
7. Is your pet still eating/drinking and acting normally?
8. Have you been treating it at home?
9. If you answered yes to #8, what medication have you been using? Has it helped at all?
